Leister Brand Products

Quality for Reliability

With innovative ideas and extensive application knowledge, we develop modules, devices and machines for the world market. Our focus is always on functionality, ergonomics and attractive design. Our consistent process and quality management from the product idea to the end of the service life of our products ensures the Leister quality that has been known for decades and meets the highest demands. Leister stands for performance in premium products – around the clock and around the globe.

We know how.

Leister - Global Leader in Plastics Processing

Experienced engineers, product managers and specialists from ISO-9001-certified Leister in Switzerland develop products and systems for plastic welding applications and for generating industrial process heat. Based on innovative technologies - including hot air, contact heat, extrusion, and infrared - and our passion for customized solutions, we are able to significantly influence our market segment and set high standards worldwide.

Leister is characterized by products featuring a wide range of technologies for processing plastics and designed for a broad spectrum of applications. We develop and produce application-specific products, including accessories, for welding, shrinking, forming, heating and joining plastics in our business areas of plastic welding and industrial application.

Plastic Welding

The Leister product range for plastic welding includes hot-air hand tools, extruders and welding machines, including comprehensive accessories for craftsmen and industry. With over 75 years of experience, we offer you products and services that set standards in your respective areas of expertise.

Industrial Application

Leister offers two technologies for the industrial sector: Hot air and infrared. This means that we cover the majority of industrial process heat and plastic joining applications. You will find the right solution for your challenge in our wide range of products.

Global Presence and Customer Proximity

Our worldwide sales and service network, with 130 sales and service points for Leister products, ensures presence and proximity on all continents.

For decades, we have enjoyed close customer relationships through our global presence with eight country subsidiaries and our close network of local sales and service partners. Additionally, you can find Leister products in our online shops.

Our sales and service partners regularly participate in training courses for applications, products and repairs and are certified accordingly. This way, we guarantee our customers competent service worldwide in accordance with our high standards. Modern logistics hubs, as well as equipment and spare parts warehouses in all countries with a Leister representative, ensure deliveries worldwide.

WELDPLAST S1

The WELDPLAST S1 extruder is functional in its applications. Pre-heated air and plastic temperature are regulated separately, which guarantees a stable welding process and high-quality welding results.

Technical data

Voltage	100 V; 120 V; 220 V; 230 V	
Frequency	50/60 Hz; 60 Hz	
Power	1500-1800 W	
Welding rod	ø 3-4 mm / 0.12-0.16 in	
Material output ø 3 mm	0.2-0.5 kg/h	0.44-1.1 lb/h
Material output ø 4 mm	0.3-0.8 kg/h	0.66-1.76 lb/h

MINOR

ROBUST

The small and light MINOR air compressor is the perfect air source for Leister manual welding devices like DIODE S and LABOR S.

The ROBUST blower is built in a very compact design, and is quiet and versatile. It is suitable for installation in industrial production facilities and is durable, even in extreme operating conditions and in continuous use.

Technical data

Voltage	120 V; 230 V	
Frequency	50/60 Hz	
Power	100 W

Welding rod PVC-U, profile A, gray

106.641
Welding rod PVC-U, profile A, brown

104.280
Welding rod PVC-U, profile B, brown

104.279
Welding rod PVC-U (hard), profile B, gray

109.925
Welding rod PVC-U (hard), Profile D, gray

104.302
Welding rod PVC-P, profile A, transparent

104.295
Welding rod ABS, profile A, white

Welding rods

113.587
Welding rod ABS, profile A, black

107.027
Welding tape ABS, profile C, white

104.297
Welding rod PA, profile A, black

104.313
Welding rod PC/ABS automobile, profile A

104.308
Welding rod PUR, profile A, black

106.654
Welding tape PC/PBT, profile C, grey

104.304
Welding rod PVDF, profile A, natural

104.303
Welding rod POM, profile A

112.185
Welding rod PC/PBT automobile, profile A

107.036
Test bundle bodywork welding rods, profile A

107.037
Test bundle profile welding rod profile A

General accessories

154.259
Scraper blade

154.026
Contour scraper

106.997
Face milling cutter $\varnothing$ 6 mm

153.009
Plastfix

106.976
Pressure roller 28 mm, PTFE

116.798
Wire brush, brass

114.239
Cylinder brush, brass $\varnothing$ 5 mm

142.647
Cylinder brush, brass $\varnothing$ 3 mm

157.544
Utility scissors, 260 mm/10.2 in

137.855
Utility Knife

152.676
Welding seam template
